### Section I: Background

Instructional materials shall be evaluated and selected according to specified procedures by qualified certified staff to ensure that the materials in the educational structure support the curriculum and meet the diverse needs of students. The instructional materials selected must be age and grade appropriate and must contribute to, and be aligned with, the curriculum and competencies.

#### Section II: Definitions

Instructional materials are print and non-print items that are designed to impart information to students in the educational process. Instructional materials include items such as kits, textbooks, magazines, newspapers, pictures, recordings, slides, transparencies, videos, video discs, workbooks, and electronic media including but not limited to music, movies, radio, software, CD-ROMs, and online services.

Library books are literary works, narratives, and other texts that are selected for research or use but not used for guided or directed instruction.

Section III: Selection of Instructional Materials

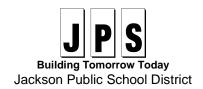

Instructional staff shall consider the following factors in the selection evaluation and use of instructional materials:
